- Live relay control from your PC

FEATURES

## ACCESS CONTROL SOLUTIONS

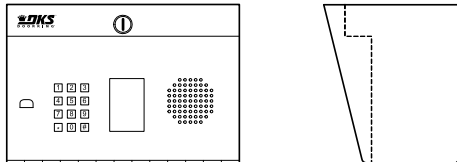

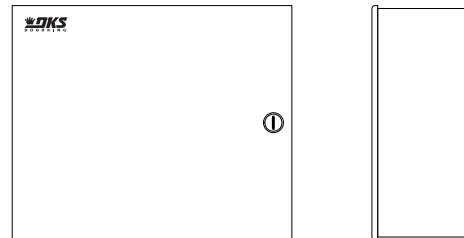

# 1808 ACCESS PLUS TELEPHONE INTERCOM

The Model 1808 Access Plus provides voice communication from the entry point via the central office telephone service for up to 27 residents/tenants, and can provide voice communication from the entry point for up to 23 residents/tenants without central office phone service by using the 1816 Access Plus telephone intercom add-on module.

Ideal for small apartment and condominium complexes, gated communities, college resident halls, mixed-use buildings, and businesses.

**1808 Access Plus**  
with directory/message window  
11" W x 7.5" H x 6.5" D  
27.9cm W x 19cm H x 16.5cm D

**1816 Access Plus**  
12.25" W x 10.25" H x 4.25" D  
311mm W x 260mm H x 108mm D

### No Phone Line Intercom Expansion

The DKS model 1816 AP telephone intercom system expands the capabilities of the 1808 to include facilities without active phone service, and does not require a dedicated Central Office (C.O.) phone line to establish communication between the 1808 AP and a resident's telephone. This system allows the resident to be in charge of their calls and can interface with up to 23 phone lines.
